* All participants and finalist teams will receive the certificate of participation and recognition respectively.

Apply Now by 11 Dec !

Healthcare needs are changing. Your ideas can help shape what's next.

As medical costs continue to rise and healthcare needs evolve, we believe fresh thinking can help create better ways for people to access, experience and manage their health.

The **Cigna Healthcare x JA HealthNext Challenge** empowers tertiary students to turn their talent, ideas, and technology into solutions for a more sustainable healthcare ecosystem.

Let's form a team of 4-6 students and develop an innovative proposal to tackle healthcare challenge. Finalists will receive mentorship from Cigna Healthcare and industry professionals before showcasing their solutions at the Final Pitch & Awards Ceremony, where they will compete for cash prizes and explore internship opportunities.

Three Areas to Explore

Smarter Healthcare Protection

Explore new ways to help people access and afford the quality healthcare they need.

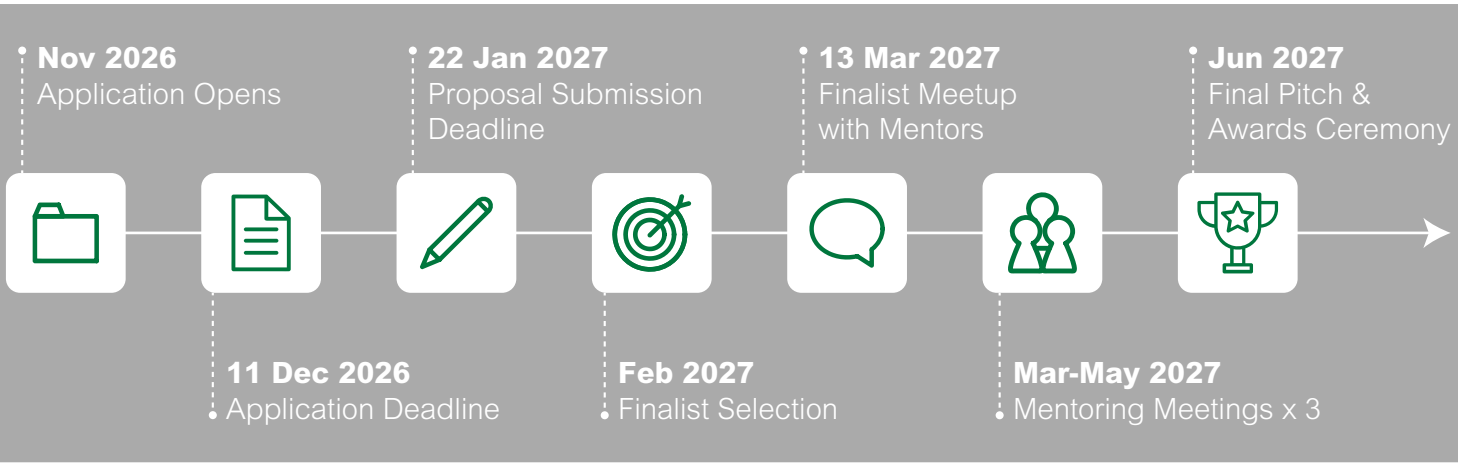

Better Healthcare Experiences

Explore ideas that make healthcare and claims journeys simpler, smoother and more efficient.

Healthier Lives through Prevention

Explore how technology and data can support earlier action, prevention and more informed health choices.

Your Innovation Journey

Judging Criteria

- **Innovation & Differentiation**
- **Practicality & Viability**
- **Potential Impact**
- **Presentation & Quality of Proposal**

Who Can Join?

- ✓ Tertiary students aged below 30 in Hong Kong
- ✓ Teams of 4-6 from the same or different institutions
- ✓ Students from all disciplines are welcome
- ✓ No healthcare or business background required

Application Deadline: 11 Dec 2026

*Finalist teams will receive a confirmation email by 19 Feb 2027
